## DESCRIPTION

The *RELIABLE*™ XD-72X spreading machine is the ideal choice for spreading open or tubular fabric; face up or face-to-face.

It easily adjusts from narrow to wider, depending on the width of the cutting table.

The XD-72X is suitable for cutting tables up to 72" wide. It comes with 2 cones, a solid piece goods bar, and a spreading bar height adjustment lock.

## BEST USED FOR

Light to medium weight fabrics  
Woven or loosely knit fabric  
Rolls less than 150 lbs

## FEATURES

- Piece goods bar with 2 cones
- Adjustment for fabric height
- Lightweight and easy to use

## OPTIONS

15" height adjustment package for higher spreading heights
